TUESDAY EVENING, NOV'R. 12.

.THE COLORED VOTE IN FAUQUIER.—A score or more of colored men with return railroad tickets in their pockets came to Warrenton, from Washington city, a day or two before the election to vote for Grant. The votes of some of them were accepted, those of others rejected for cause shown, and one fellow, named Fletcher, was committed to jail in default of bail for

David Lancaster and Robert Pleasants were the only two colored men at Warrenton precinct last Tuesday, who dared incur the displeasure of their race and boldly avow their purpose to vote for Greeley and Brown. We believe Grant got 95 per cent. of the colored vote here in this county, in this State and in the South.

THE SUNDAY SCHOOL CHILDREN'S CORN CROP.—The Virginian says: "A very interesting affair took place at the Sunday Shool room of the Presbytain Church, on Friday last, in Staunton Va. Last year, before planting time, Rev. Mr. Baker, the pastor, prepared a num-ber of packages containing seed corn, and gave each child that desired it a package, with in-structions that the corn was to be planted and tended and the result was to be sold and the money applied for Sunday School purposes. In other words, it was to be children's corn crop for God. On Friday last the packages were called in and out of 80 packages over 30 made returns of increase, which, considering the drought and general bad season, was very good. About 15 bushels of corn was received.

EDUCATIONAL.

MECHANICAL COLLEGE.

The act of the General Assembly establishing this Institution provides for the education, free of charge for tuition, room rent and use of public buildings, of as many State students as there are members of the House of Delegates, to be selected by the County School Boards; but from the failure of some of these Boards to appoint, there are vacancies, and the Faculty will proceed on the 25th of November, to fill all vacancies existing at that date. Applications from any county in the State, accompanied by proper testimonials, are invited from those desiring to avail themselves of the privilege. The first year's course is elementary, and expressly designed to meet the wants of those whose educational opportunities have been limited, but any student who is properly prepared may enter the advanced classes.

FALL TRADE, 1872.

E. J. MILLER, Importer of and Wholesale Dealer in

China, Glass and Queensware,

Is now receiving his stock of the above goods, to which he invites the attention of country merchants and dealers generally. Having the benchit of fifty years' experience in this business and unusual facilities for purchasing, he is able to offer his goods at as low prices as any house in the country, and all he asks is an examination of his goods and prices. Country merchants coming on the trains of the O., A. & M. R., and the W. & O. R. R. can look through his stock and leave their orders at night, as his house is kept

open for that purpose.

Besides a regular stock of CHINA, GLASS and QUEENSWARE, a number of other goods suitable for country stores, will be found such as BRITANNIA and SILVER-PLATED CASTORS, SPOONS, FORKS, &c., Window Glass and Putty, Stoneware, Fine Tea and Dinner Sets, and a variety of Fancy Goods-

REDUCTION IN PRICE.

We again present to the agricultural community our Fertilizers with renewed confidence, as equal, if not superior, to any manure offered for all crops, not excepting Peruvian Guano. Year by year their value has become more manifest, as demonstrated by largely increased sales, and we challenge any brand to show more satisfac-tory and uniform results. Confining our manu-facture to materials of highest standard, as proved by analysis, we claim like results in all time. On the Wheat crop the testimony is of unquestionable character. We respectfully call attention to our popular Guano, known as

GENUINE PHOSPHO-PERUVIAN GUANO, made of the highest standard of Peruvian Guano and Bone Phosphate of Lime, with Alkaline Salts of Potash, Soda, &c.

BRANDED, AA Centaining 6 to 8 per cent Amminia. 40 to 50 Bone Phosp'e. Lime. Potash, Soda, &c.

Beautifully prepared and adapted to the Drill, in sacks of 11 to the ton, of 2000 pounds, and sold at \$60 per ton-formerly \$70 per ton. The character of this Guano is so well known

as to need but little further commendation from us. Used for many years, it has become a favorite with all consumers, and it only requires a trial to convince all of its value. The Ammonia and Bone Phosphate being in rational propor-tions, it can hardly fail to render satisfaction, improving the quality and increasing the cropit adds one other most important essential in the permanent improvement of the land-in this particular we question whether it has its equal. It acts wonderfully upon the grass crop, and to such an extent as to bring improverished lands up to a high state of fertility—equalling Bone Dust. Such is the testimony of many accom-plished planters. We beg the closest investigation as to the integrity and manufacture of our
